---

Good Morning Katrina

Attached please find an Adobe PDF file with the following maps showing results of the incremental sampling and XRF analysis conducted in October and November 2017:

- Ethyl Blending Area 0 to 6 inch interval
- Ethyl Blending Area 0 to 24 inch interval
- Lead Sweetening Area 0 to 6 inch interval
- Lead Sweetening Area 0 to 24 inch interval
- Road Surface Samples

We have also included a Word document with some notes about the content of the maps. Please let us know if you have any questions regarding these draft maps.

Jim
